

# Agricultural Emergency Response Training

The Montana Department of Agriculture is conducting an Emergency Response Training for Agricultural Emergencies. The training will teach you the roles and responsibilities you and your organization will play in the event of an agricultural emergency. The training is **FREE** and will occur at the following locations:

**February 1st to 4th:**

**Glasgow, Cottonwood Inn**

**February 22nd to 25th:**

**Helena, Red Lion Inn**

**March 8th to 11th**

**Polson, Flathead Valley  
Community College**

Montana Department of

## Are you prepared?

Do you know what an agricultural emergency is? Do you know what to do if an agricultural emergency were to occur in Montana? Are you and your organization prepared for an agricultural emergency and do you know what role you would play? These are important questions that we will help you answer so you can help protect Montana and our commodities.

## Incident Command System

The training will begin with the basics of the Incident Command System (ICS). You will receive training in 100, 200, and 700A level courses. The second part of the training will be ICS 300 and exercises to practice the principals of the ICS.

The training is **FREE** and some meals and lodging will be provided. Space is limited and preference will be given to agricultural employees so register soon! Registration deadline is: **January 19th, 2011.**

**For additional information contact:**  
**Beth Eiring 406-444-9066**
