

Neighborhood Preparedness Party (2011-2012)

Prepare your community for emergencies of all kinds by organizing a Disaster Preparedness Party. By hosting an event, promoting local volunteerism, and sharing emergency preparedness information, you can help ensure your neighborhood and whole community are disaster ready. The Governor's Office of Community Service will help sponsor your event! Receive supplies to build emergency supply kits, resources to host a Map Your Neighborhood training, and financial support if needed.
